OUR FOUNDING BELIEF

**Behind every call, every conversation,
and every customer interaction, there
is a person who deserves to be heard,
understood, and treated with care.**

THE PRINCIPLE BEHIND EVERY PROGRAM WE RUN

WHO WE ARE

A full-service BPO built around people, not scripts.

Since entering the industry in 2017, Center Tel has remained focused on building teams that understand the responsibility that comes with representing another brand. We provide flexible outsourcing solutions designed to support both customer-facing and operational functions — powered by more than 1,000 professionals working across markets, cultures, and languages.

Agents. Interpreters. Supervisors. Trainers. Quality teams. Operations leaders. Different responsibilities — **one shared objective: represent your business with professionalism, consistency, and care.**

— OUR CAPABILITIES

Six service lines. One commitment to quality.

From customer service and sales to interpretation, outbound operations, security monitoring, and back office functions — we build dedicated solutions around what your business actually needs.

CX

01

Customer Experience & Call Center

Inbound & outbound teams built to create consistent, positive, memorable interactions between your brand and your customers.

IN

02

Interpretation Services

OPI and VRI across 50+ languages — bridging language barriers so people get help, understanding, and to be heard.

SL

03

Sales Support

Dedicated sales operations that become an extension of your team — qualification, campaigns, follow-up, retention.

OB

04

Outbound Calling

Purposeful outreach — appointment setting, re-engagement, notifications, campaigns — always with a reason and respect.

SM

05

Security & Monitoring Support

Trained personnel supporting alarm-related, monitoring, and escalation communication — where attention matters.

BO

06

Back Office Processing

Repeatable administrative & operational work handled with focus, consistency, and process discipline.

Service 01

Customer experience that feels human.

When customers contact your business, they expect to be heard, understood, and helped without unnecessary friction. Our teams are trained to make every interaction feel professional, consistent, and human.

- Inbound customer service, retention, and account support
- Multilingual customer support & language-assisted service
- Escalation handling, customer re-engagement, and follow-up programs
- Quality assurance and CX performance monitoring

CUSTOMER EXPERIENCE

Your customers may never know our name — but they will remember how your brand made them feel.

DELIVERY MODES

Service 02

Interpretation across 50+ languages.

Professional interpretation solutions helping organizations communicate clearly and confidently with the people they serve — over the phone (OPI) and via video (VRI).

- On-demand OPI & scheduled VRI sessions
- Interpretation for customer service and business operations
- Real-time language support for critical, healthcare, legal & social contexts
- Interpretation-enabled hybrid support blended with CX operations

Service 03

Sales support that feels like part of your team.

Dedicated sales operations built around your products, processes, and objectives. Our goal is to become an extension of your sales organization — while maintaining the professionalism and personality of your brand.

- Inbound sales support & qualification
- Outbound sales campaigns & lead nurturing
- Customer retention & win-back programs
- Pipeline hygiene, CRM updates, and structured follow-up

SALES SUPPORT

A good sales conversation starts with listening — understanding what the customer needs, communicating value clearly, and recognizing when the right opportunity is there.

OUTBOUND CALLING

Every outbound call should have a reason. And every person receiving that call should feel respected.

**Purpose-
Led**

EVERY DIAL

**Multi-
Channel**

VOICE · SMS · EMAIL

Service 04

Outbound that respects the person on the other side.

Outbound calling works best when there is a clear purpose behind every conversation and a professional voice representing your brand.

- Appointment-related calling & confirmation workflows
- Customer notification & re-engagement campaigns
- Retention outreach & follow-up programs
- Escalation communication and process-based call handling

Service 05

Monitoring support when attention matters.

In monitoring environments, consistency matters — and so does knowing that the person handling the interaction understands the responsibility behind it.

- Alarm-related and security monitoring call support
- Procedure-based call handling with strict escalation rules
- 24/7 operational communication support
- Trained personnel following client-defined workflows

MONITORING SUPPORT

Some interactions require more than good communication. They require focus, discipline, and the ability to follow established procedures — every time.

Service 06

Back office built around **your** operation.

Behind every customer-facing operation is a network of administrative, operational, and support tasks that keep the business moving. We build dedicated back office teams around repeatable processes.

- Administrative & operational support
- Customer record management & data workflows
- Quality assurance & process auditing
- Escalation and cross-team communication support

— WHY BUSINESSES CHOOSE CENTER TEL

More than a service provider. A partner in your operation.

01 · PEOPLE FIRST

We hire for care, not just capability.

We look for people who can listen, communicate, learn, adapt, and genuinely care about doing the job well.

02 · EXPERIENCE

Since 2017. 1,000+ people. 50+ languages.

Nearly a decade in BPO has shaped how we build teams, run operations, and protect client reputations.

03 · QUALITY IS OUR PRIDE

Quality visible in every interaction.

Quality is at the core of our operations, our people, and every customer interaction we support.

04 · FLEXIBILITY

Solutions built around your business.

Our BPO model is designed to adapt to different workflows and evolve alongside your growth.

05 · GLOBAL MINDSET

Multilingual, multicultural, always human.

A diverse, supportive team ready to represent your business across markets and languages.

06 · PARTNERSHIP

An extension of your own team.

Outsourcing works best when both teams feel like they're on the same side. That's how we run every account.
