THE 2026 CAPABILITIES BRIEF

# Every missed word is a missed *customer.*

When language stops a conversation, it stops a sale, a diagnosis, a decision. Modern operations cannot run on guesswork — they need the right voice, on the right call, the moment it rings.

*"Communication isn't a soft cost — it's the operating system for revenue, care, and trust."*

## — BY THE NUMBERS

68%

**of customers will switch brands**

after a single poor service interaction caused by language friction.

\$62B

**lost annually in U.S. healthcare**

tied to miscommunication, misdiagnosis and avoidable readmissions.

3.2×

**longer call resolution times**

when bilingual support is unavailable at the moment of contact.

## ABOUT SIMPLIFIED

# We make the world *understood.*

**Simplified Group BPO** is a U.S.-based interpretation and contact-center company on a mission to eliminate language barriers and become the *go-to resource for every interpretation need.*

Our certified interpreters combine linguistic fluency with deep cultural competency — so every call is not just translated, but understood. We pair that human craft with an enterprise-grade platform built for security, scale and 24/7 availability.

### 01 Innovation

New ways to connect people, faster.

### 02 Efficiency

Operations engineered around your SLAs.

### 03 Excellence

Quality measured on every session.

### 04 Responsibility

Privacy, ethics & cultural respect by default.

# Four pillars, one *seamless* partner.

Whether you need a voice on the line in 30 seconds or a fully managed sales floor, our service stack is engineered to plug into yours and deliver from day one.

## Over-the-Phone Interpretation

# A live interpreter, *in seconds.*

The fastest, most economical way to resolve a multilingual call. No travel, no scheduling — just a human voice on the line, the moment you need one. Built for any language, any volume, any channel.

01

## Cost-effective by design

No travel, no on-site fees. Pay-per-minute economics that scale up or down with your demand curve.

02

## Real-time, no booking

Average connect under 30 seconds. Built for emergencies, walk-ins and surge volume — never queues.

03

## Global accessibility

Connect with speakers of any language, anywhere — across time zones, devices and PBX integrations.

04

## Flexible, project-ready

From a one-off call to a 100-seat program rollout, the service shapes itself to your engagement model.

# When a face says it *all*.

Some conversations need eyes, not just ears. Our VRI platform delivers high-fidelity video interpretation with the security and clinical precision required by regulated industries.

## Personal connection

Closer rapport than audio-only — body language matters.

## Bank-grade security

Encrypted streams, HIPAA-aligned controls, audit logs.

## Higher accuracy

Visual cues unlock nuance impossible to capture by voice.

## Truly interactive

Multi-party sessions with true turn-taking, on every device.

# Conversations that *convert*.

Trained, multilingual sales reps with playbooks built around your ICP — not someone else's. We don't just dial; we close.

## INBOUND

### Capture every opportunity that comes to you.

Specialized agents engage interested prospects the moment they reach out — qualifying intent, answering objections, and converting interest into closed-won.

- ✓ Intent qualification & instant lead routing
- ✓ Multilingual product & pricing expertise
- ✓ CRM-native logging into your stack of choice
- ✓ Human handoff to your AE when it matters

## OUTBOUND

### Personalized pipelines, built call by call.

Targeted outbound campaigns crafted around your ICP. Every script is co-developed, A/B tested, and tuned weekly against pipeline outcomes — not vanity metrics.

- ✓ Co-built playbooks & objection libraries
- ✓ Dedicated team pods, not shared seats
- ✓ Weekly performance & conversion reporting
- ✓ Cross-language outreach in 100+ languages

# Trusted across regulated & *fast-moving* markets.

Certified, vetted, and trained for the unique cadence and compliance demands of every industry we serve.

## Commercial

Stronger client connection, faster sales cycles, multilingual coverage that opens new markets.

## Medical

Accuracy, empathy, and cultural understanding that protect both clinical outcomes and patient trust.

## Education

Inclusive learning environments — from family communications to live classroom support.

## Technology

Multicultural team comms, online training, international product launches and global events.

# Why partners pick Simplified *and stay.*

The intersection of cultural fluency, operational rigor, and a rigorous talent pipeline — engineered to deliver the same quality on call #1 and call #1,000,000.

## Bilingual + cultural competency

Fluency is table stakes. We hire for cultural depth — the difference between translation and understanding.

## Enterprise-grade security

Encrypted platform, vetted personnel, audit-ready logs — designed for healthcare, finance and regulated industries.

## 24/7 real-time availability

Round-the-clock demand across 100+ languages — never queue your customer at 3 AM.

## Tailored, not templated

Every engagement is shaped to your ICP, your stack, your KPIs — co-designed with your team, not handed down.

### — OUR 3-STAGE TALENT PIPELINE

1

## Openings Review

Targeted sourcing matched to your service requirements, languages and cultural context.

2

## Skills Assessment & Vetting

Linguistic fluency exams, role-play simulations, background checks & ethics screening.

3

## Onboarding & Deployment

Account-specific training, shadow shifts and continuous QA — interpreters live-ready, day one.
